ACKNOWLEDGEMENTS

Praise to Allah SWT for strength, health and opportunity given to me as without Him, I might not able gone through all obstacle during my practical and study. I felt bless and grateful that I could finish this task given on time. Alhamdulillah I have completed my industrial training and Inshaa Allah will be completed my diploma studies. First of all, I feel thankful to the Almighty for the blessing and strength given to me to complete this industrial training report.

I would like to express my heartfelt gratitude to my supervisor, Ts. Rozlianah Fitri binti Said who has helped me a lot in completing this report. The understanding, encouragement and continuous support from her throughout the duration of fulfilling this assignment are most appreciated.

I also want to further my appreciation towards Sir Mohd Hafezan bin Sisa which is the Industrial Training Coordinator that has helped me a lot and guide me throughout my internship period. Not to forget, Madam Dayang Shurtinie binti Shuaib, FPA's field Assistant Manager who has guide me to choose the right place to do my internship and help in managing and contacting with the agencies and other lecturers that is directly or indirectly involve in the industrial training.

Besides that, I also wish to thank my Supervisor in Jabatan Pertanian Bintulu who accepted me to do my internship in the agency and to all the officers that have directly or indirectly taught me during my industrial training in the agency. I am feeling lucky to get their guidance, knowledge sharing and encourage me throughout those five weeks. It is most precious experience in my life.

Last but not least, a special thanks to my family, especially my parents who have helped me and give endless support and encouragement from the beginning of the internship until on completing this final report. I also want to further my gratitude to my friends and other practical members, for the ideas and advise that have been given to me. It helped me a lot in completing the industrial training, and without the help and advice, I could not able to do the industrial training report well.

1.0 INTRODUCTION

1.1 Agency Background

The department of Agriculture Sarawak was formed in 1924 when a British Director of Agriculture was appointed. This was the very beginning of Government's involvement developing agriculture in Sarawak. Agriculture development efforts specifically in crop have been implemented by the Department of Agriculture starting in 1929. Since then, it has grown rapidly in terms of manpower and coverage of programs and activities. Jabatan Pertanian Bintulu is a governing local authority established for the purpose of administering works related to agriculture in Sarawak (Bintulu division). This organization was developed in Bintulu division that covered up to 12,130 km per square. There are various type of etnics that exist and live here in Bintulu, such as Iban, China, Melayu, Melanau, Kayan, Penan, Kedayan dan Bekatan..There are few agriculture stations (district) in Bintulu division which is in, Tatau district, Sebauh and Bintulu district itself. Bintulu district has one small station which is Tubau in Sebauh, meanwhile Tatau district has four small station consist of Sangan, Muput, Kuala Tatau dan Nanga Tau. Nowadays, the attention of Jabatan Pertanian Bintulu not only to crop plantation, but also few other sector. For example, to inland fisheries, the development of plantation institution and more. Currently, the Department's focus is not only in crops, but also inland fisheries, research & development (R&D), farmers' institution development and human resource development and extension. Figure 1.1 shows the building of the agency and their logo.
