ACKNOWLEDGEMENTS

First of all, I would like to say our gratitude to Universiti Teknologi Mara (UiTM) Sabah for giving us the permission to conduct the industrial training outside of the campus regardless of the consequences that may happen during the training. Secondly, we would also like to say our gratitude to our wonderful and inspiring Faculty Head of Study Center, Dr. Hendry Joseph for his guidance and advice. After that we were also feeling thankful to our Industrial Training Coordinator, Mr. Hafezan bin Sisa for all the advice that he has given us during our industrial training. Without his advice and guidance, we probably cannot do well in our industrial training. We also feel thankful to our lovely UiTM Share Farm Assistant Manager, Ms. Dayang Shurtinie binti Dato' Shuaib for without her help in managing the place where we will be having our internship is, we cannot proceed our internship. Lastly, we would also like to say our gratitude to our supervisor, Mr. Falex J. Langkan for his advice upon completing this report. We truly appreciate all the comment which have helped us in making our report much better.

Furthermore, we also want to say thank you to the Sekar Imej Estate for having us during the 5 weeks period of internship. We feel so grateful for all the hospitality given by them during the internship. Especially Mr. Alluddin Dulalh who have been giving us the advice and sharing his knowledge from time to time.

For all the parties mentioned above and the party that we did not manage to mention, we sincerely saying our gratefulness towards their direct and indirect involvement in our internship. It is because of them that we were able to complete the internship and also this report.

1.0 INTRODUCTION

For subject FPA310, we were required to undergo 5 weeks internship outside the campus which started from 16 July until 18 August. The internship give us the opportunity to have real job experience such as handling a group of workers. This internship also has given us the picture of how the real industry work for the preparation of our future when we are going to enter the industry in the future. As we were given the privilege to choose where to be having our internship on our own, we choose the Sekar Imej Estate, Wilmar Plantation Sugud Region.

1.1 AGENCY BACKGROUND

Wilmar international business activities include oil palm cultivation, edible oils refining, oil seeds crushing, consumer pack edible oils processing and merchandising, specially fats, oleochemicals, and biodisel manufacturing plants and grains processing and mechandising.

Wilmar International limited founded in 1991, is Asia leading agribusiness group. It ranks amongst the largest listed companies by market capitalisation on the Singapore Exchange, being the second largest as of September 2010. It is a Singaporean investment holding company that provides management services to its 400+ subsidiary companies. It is also ranked 252nd in the Fortune Global 500 list in 2015. Wilmar Plantation already have many branch especially in Sabah. Head Quarters for the branch which is have in Sabah is Sandakan. The owner of this business is Kuok Khoon Hong. Wilmar become the big company after merge with PPB Oil Palms Berhad with the value transaction after merge US \$ 2.7 million.

1.1.2 Vision and Mission

Vision

To be the leading sap professional services company in indonesia and southeast asia.

Mission

- I) To deliver industry – focused SAP solutions to help customers improve their business process and business performance.
- II) To provide exceptional quality, services and value to our customers.

- III) To help customers stay competitive by providing the latest business management software from SAP.

Manuring

1.1.2 Estate Region

Wilmar have many branch in Sabah. Each branch have the own region. At my practical place the region is Sugut Region. There are a few estate in Sugud which is owned by Wilmar Plantations. For example, Sekar Imej Estate and Jebawang Estate both are estate owned by Wilmar Plantations at Sugud Region.

2.0 TRAINING SCHEDULE

Training schedule are not determined by the faculty or the industrial training coordinator. It was up to the company that we were having internship with to set up our schedule during the internship period. The company, Sekar Imej Estate has set up the schedule for us to follow during the 5 weeks internship which is shown in the table below.

2.1 Overview of Training Schedule

Duration training (by week)	Week 1	Week 2	Week 3	Week 4	Week 5
Training Activities					
Manuring					
Harvesting					
Weeding					
Spraying
