**DIPLOMA IN PLANTING INDUSTRY MANAGEMENT
FACULTY OF PLANTATION AND AGROTECHNOLOGY**

AUGUST 2018

ACKNOWLEDGEMENTS

Praise to Allah SWT for strength, health and opportunity given to me and I felt bless and grateful that I could finish this task given on time. First of all a highest appreciation to Encik Jamaluddin Lani as the *Pegawai Pertanian Kanan Daerah Sandakan* because give me an opportunity to be as the student practical in the agency. Besides, not to forget my supervisors Puan Junaidah Haji Mohamad and Encik Rhymie Ahmad those provided me the guidelines and taught during the practical. Moreover, I also would like to express my appreciations to all the staff in Jabatan Pertanian Sandakan and also in *Stesen Pengeluaran Bahan Tanaman at Ulu Dusun* for all their cooperation and advice throughout my five weeks of industrial training.

Thanks to my lecturer in UiTM Sabah because give me a guideline and advice about the practical and to doing my industrial training report. Not forget to all my friends and family because give me a support and help me doing a research for my report.

1.0 INTRODUCTION

1.1 AGENCY BACKGROUND

Jabatan Pertanian Sandakan are established in 1905. This agencies are main purpose to implement agricultural policies that have been outlined by the government. Under the guidance of some of the Jabatan Pertanian has approved to accelerate the development and maintenance of land right.

In the Federal of Malaysia Agreement (1974), in line with the established of the state government provision has been made the established of the State Agriculture Department in every state. Jabatan pertanian in each country was responsible for implementing the development program for the development of the smallholder sector. Initially, the Jabatan Pertanian focused only on crop research, provide technical experts to filed operators and extension services to smallholder farmers. Although the Agriculture Department is responsible for developing the economic potential of all crops the Agriculture Department also conducting important activities that develop the rubber industry.

Jabatan Pertanian Sandakan already operational before 1980. In 1980, the first temporary building for the department of Agriculture at Sandakan Munipal Council (MPS). Next, in 1983, moved to the Sabah Foundation building located in the city of Sandakan. In 1985, the Jabatan Pertanian Sandakan moved again to the Secretariat building Mile 7, Sandakan. Building and equipment for Sandakan Agriculture Office was completed in 2000 and located in miles 7 Sandakan Airport Road and in 2000 was moved to the Jabatan Pertanian Sandakan permanent building.
