BANDAR JENGA, PAHANG, 22 January 2025 – Academy of Language Studies, UiTM Pahang Campus’s EET Consultation Clinic (Phase 2) provided a valuable opportunity for 112 dedicated EET699 test candidates to enhance their exam preparation. Held from 4:00 PM to 6:00 PM across various classrooms in the Fast Track Block, the face-to-face session saw 13 experienced APB lecturers facilitating the clinic. The main goal was to offer personalized consultation and guidance to students, focusing on refining their techniques for answering the Speaking and Writing components of the

EET699 exam, in line with Sustainable Development Goal (SDG) 4—ensuring quality education for all.

This two-hour interactive session allowed students to gain a deeper understanding of the test question formats while also providing them with a unique chance to practice answering questions from previous semesters. Participants were encouraged to apply the most effective techniques to maximize their chances of achieving top scores in both the Speaking and Writing sections.

Student feedback was overwhelmingly positive, with many noting that the clinic not only improved their understanding of the exam structure but also gave them the confidence to approach their upcoming assessments with greater ease. Armed with new strategies and insights, these students are now better prepared to excel in the EET699 exam.
