ACKNOWLEDGEMENT

First and foremost, in the name of ALLAH, the most gracious and merciful, thank you for giving me such strength and patient ness throughout the completeness of the study. I would like to express my appreciation to those who have helped and assisted me directly and indirectly, either in the forms of ideas, opinion, criticism and so forth. I am especially grateful for the following person:

- Associate Professor Yap May Lin, my thesis supervisor for her sincere guidance, opinion and view in completing this research.
- Puan Rogayah Abdul Majid, thesis coordinator, for her knowledge and guidance.
- Puan Halilah Harun and Associate Professor Fuziahwati Abd Ghani, statisticians, for their guidance and viewpoints throughout completing this research.
- Special thanks to my family for their moral support and encouragement for me throughout the process to complete this research. Thousand thanks to them who had been so helpful.
- I also would especially like to acknowledge and appreciate all respondents for their cooperation, time and willingness to share data, information and knowledge regarding to my research topic.
- Close friends, for their opinions and supports.
