APPRECIATION

I am grateful to the Almighty for His grace we managed to finish the industrial training at the *Pertubuhan Peladang Kawasan Tawau* for 14 weeks beginning on 5 December 2016 to 10 March 2017, as required by the Faculty of Plantation and Agrotechnology 2014/2017 session. Here, we gained a lot of skills and learn something that is useful in connection with our training courses.

The training program has enabled us to adapt to the management, staff or employees of *Pertubuhan Peladang Kawasan Tawau*. Experience and knowledge makes us ready for the real work environment.

We are Diyanah Binti Bacho, Fahzlin Binti Suharto, Siti Rugayah Binti Rustang, and Norazilah Jim are highly admit that this report is our original report without copyrights of others report and only refers to a number of sources such as information from all the staff. Other sources are from the admin office clerk who gave some practical examples of students report past here. Cooperation given by the staff *Pertubuhan Peladang Kawasan Tawau* is greatly appreciated.

CHAPTER 1

1.0 INTRODUCTION

1.1 Introduction

Industry training is a major component in the learning curriculum at Universiti Teknologi MARA (UiTM). Students must pass the Industrial Training before being approved for the award of the Certificate or Diploma. Students will be placed in government or private sector for one semester to expose students to the real working environment different from the atmosphere at Universiti Teknologi MARA Sabah.

Often students will be faced with many challenges and problems that have not ever encountered. The main objectives of industrial training are to expose students to link theory and in the classroom and practical workplace reams.
