ACKNOWLEDGEMENT

First I would like to thank God for all His guidance and blessings through all the hardship encountered whilst completing this final report of industrial training. In preparing this final report, I was contact with many people especially the supervision. They have contributed toward my understanding and thought. In particular, I wish to express my sincere appreciation to my supervisor, Mr. Mohd Yunus Sakiram for his encouragement, guidance and friendship. I will be forever grateful for his professionalism and willingness to listen and consider my many suggestions and amendments to this final report as well as for his brilliant advice and ideas

I indebted to our AGR 390 lecturer Mr. Hamjah bin Rusli who was help me a lot in the completion of our industrial training, without his initiative and exceptional patience of guiding us this report would not have been prepared. I would like to thank his for invaluable advice and cooperation

I would like to thank my beloved family for their encouragement and their lovely blessings. I am also indebted to Melangkong Oil Palm Plantation Sdn. Bhd Supervision for his guidance to complete this final report.

Finally, I would like to thank my fellow friends, Amran Moleng who was always there by our side throughout the duration of this final report. I would like to thank them for all their help and support.
