Issue 2/2021

Message *from the Dean*

Assoc. Prof. Dr. Hartini Saripan
Dean of UiTMLaw

Warm Greetings from the Faculty of Law,

As UiTMLaw reach the end of 2021, the faculty comes to terms with the ongoing COVID-19 pandemic and its aftermath. Although we gradually return to our everyday affairs before the pandemic, the danger remains. To that end, UiTMLaw remained indoors and virtual for many of our classes and activities. However, we celebrate the fact that much has been completed and achieved. Academic lecturers, tutorials and programs run anew in our adapted new normal. The teleconferencing and online meetings allowed us to be more creative in adapting to the new mode of hosting events, conferences and lectures. Throughout 2021, our students, lecturers and staff have grown accustomed to the virtual organisation and hosting programs. The advent of online conference software and technology drastically minimises the geographical gap in organising international programs and seminars. I must congratulate our staff, lecturers and students for their energetic resilience and high spirit in this regard as they continue to wade through open distance learning in their work and education.

This issue encapsulated our achievements in the second half of 2021, as we proved to the world that the COVID-19 pandemic does not halt progress and achievements in any shape or form. I wish to highlight the fantastic work done by the UiTMLaw family. Despite conducting lectures, presenting papers and organising seminar online, UiTMLaw lecturers always continue to amaze me. Our lecturers have cracked the code in ensuring our students get the best from online learning as both lecturers and students get more comfortable with open and distance learning (ODL). The faculty has taken multiple initiatives to ensure that all UiTMLaw students are equipped with online education and sufficient studying materials provided. This extends to the adaptation in student programs, as UiTMLaw made the best out of online engagements. International counterparts are invited to be speakers and participants in online programs exposing students to global engagements and experiences. Mooting competitions, debates and even cultural performances are done online, allowing UiTMLaw students to showcase their talents and capabilities beyond national borders.

Even though great focus is accorded to academic achievements and students' professional development, UiTMLaw remains steadfast in advancing research initiatives. Myriad research and papers were written, submitted, and presented at conferences. In 2021, UiTMLaw organised its first annual instalment of the UiTMLaw International Conference on Law & Society 2021, providing a virtual platform for legal researchers from all across the globe for intellectual discourses and building transnational networks.

In closing, everyone at UiTMLaw gave it their all to create a vibrant community, albeit online, where aspiring students walk on an exciting path to becoming holistic and competent legal professionals through the rigorous education programs and student events arranged. I am happy to see the UiTMLaw persevering splendidly despite the challenges in our way, and I am confident that we will continue this spirit for years to come.

I wish you all well during these difficult times. Thank you.

Editorial Board

Assalamualaikum & Salam Sejahtera

As 2021 concludes, I am most appreciative of my editorial team, who have worked tirelessly in bringing you this edition of our newsletter. I would also like to thank the authors, proofreaders, contributors and editors of this newsletter for your dedication and contribution towards publishing this newsletter. Finally, the steadfast support and encouragement from the management of UiTMLaw, led by Assoc Prof Dr Hartini Saripan, the dean, and the entirety of the UiTMLaw family had been most pleasantly overwhelming and is a fundamental bedrock in bringing out this newsletter. Therefore, on behalf of the Editorial Team, it gives me great pleasure to bring our readership to the Issue 2/2021 of the UiTMLaw eNewsletter as we bring you our latest developments.

2021 continues to pose new challenges as we adapt to the new norm. Lectures and tutorials continue to run in the virtual sphere as the threat of COVID-19 remains. Assessments are conducted online, with emphasis made on students' critical thinking and analysis. Despite these challenges, various webinars and programmes were held by UiTMLaw between July 2021 till the end of the year. Extensive research endeavours and academic publications were published in renowned journals and presented at international online conference as our faculty members sought to expand their understanding of the legal discipline. Student's exposure to international legal academicians, renowned local legal professionals and top scholars ensures our relevancy and reputation as one of Malaysia's leading legal education institutions.

On such a note, I am pleased to bring you this newsletter as we journey together through our initiatives, programs, and achievements. Once again, I make my heart out to my Editorial Board members for their efforts and commitment and to the faculty for your continuous and kind support.

QS Ranking *By Subject*

A GLIMPSE OF UiTMLAW PERFORMANCE

Quacquarelli Symonds (QS) is a British company instituted in 1990. It has been acknowledged as one of the world's most popular sources of comparative data about university performance. The subject ranking is one of its ranking products introduced in 2011. The result is published annually, which aims at helping prospective students identify the world's leading universities in individual subject areas, covering 48 disciplines as of 2020. The subjects are classified into five broad areas: Arts and humanities, engineering and technology, life sciences and medicine, social sciences and management.

In 2021, Universiti Teknologi MARA (UiTM) has been ranked in 2 out of 5 broad subject areas, namely social sciences and management and engineering and technology. Social Sciences and Management is the institution's strongest field at rank 340= with an overall score of 64.1. The subject of Law falls under this category. Each of the subject rankings is compiled using four sources. The first two of these are QS's global surveys of academics and employers, which are used to assess institutions' international reputations in each subject. The second two indicators assess research impact, based on research citations per paper and h-index in the relevant subject. These are sourced from the Elsevier's Scopus database, the world's most comprehensive research citations database.

These four components are combined to produce the results for each subject ranking, with weightings adapted for each discipline:

ACADEMIC REPUTATION (50%)

Between 2016 and 2020, QS has collected votes from over 100,000 academics worldwide. Each academic counted has given their opinion on universities in their fields of expertise.

EMPLOYER REPUTATION (30%)

The employability metric is based on employer reputation. Over 50,000 global employer votes have been taken into account between 2016 and 2020, providing a large pool of information in terms of hiring levels. Employers across all sectors and industries have taken part in the survey, including Facebook, Google, Uber, Wells Fargo, Bank of America, etc.

CITATIONS PER PAPER (5%)

This ratio measures the average number of citations obtained per publication and is an estimate of the impact and quality of the scientific work done by universities. Only the institutions producing a minimum number of papers in the last five years are evaluated to avoid anomalous results.

H-INDEX (15%)

The h-index is an index that attempts to measure the productivity and impact of the work published by the institution's scientists and scholars. The index is based on the set of the institution's most cited papers and the number of citations that they have received in other publications.

Based on the data from QS World University Ranking, Ranking by Subject Fact File UiTM, since 2018, employer and academic reputations have contributed to the high percentage of performance indicators for the Faculty of Law, UiTM (UiTMLaw). This achievement is significant acknowledgement of the stellar performance of UiTMLaw by its global academic peers. This indicator is also a strong reflection of the admirable quality of law graduates produced by UiTMLaw by their respective employers.

This achievement is in line with rigorous efforts by UiTMLaw to strengthen the relationship with its academic partners and prospective employers through various strategic partnerships such as research collaboration, student and staff exchange programs, industry collaboration, and so on. To nurture this relationship and ensure continuous connection, UiTMLaw has initiated a monthly update "ASPIRE" e-mailed to all respected partners and industry collaborators since October last year. UiTMLaw has also undertaken several strategies to improve its citation per paper and H-index performance, including organising a series of hands-on workshops and talks related to research and publication. For global visibility, one of the steps employed is through the QSGEN publication. Last year, UiTMLaw was in second place among the top 10 faculties featured on QSGEN 2021.

UiTMLaw Ranking Unit will strive to ensure that UiTMLaw will continue to shine in a global arena by providing an excellent legal education to supply competent and multitalented graduates. It will work hand-in-hand with other faculty members to ensure that UiTMLaw will produce high-quality research findings shared by both local and international stakeholders. Hopefully, sooner or later, the relentless effort will place UiTMLaw within the QS Rankings by Subject.

Majlis Raikan Kegemilangan *UiTMLaw2020*

On 10 October 2021, the Quality Management Unit of the Faculty of Law, Universiti Teknologi MARA had the honour of organising a significant event via the Webex platform. The Majlis Raikan Kegemilangan UiTMLAW 2020 was the first staff excellence award ceremony conducted online. The tagline for the programme was 'UiTMLaw Towards Networking and Mapping the Global Visibility'. The celebration commenced with the Dean of Faculty of Law, Assoc. Prof. Dr. Hartini Saripan's welcoming speech. In her speech, she indicated that the main objective of the event is to celebrate and appreciate the contributions and achievements of the faculty's staff.

The highlight of the ceremony was the Staff Excellence Awards Ceremony 2020 with the introduction of 12 new categories for exceptional achievement by academicians. 137 awards were conferred to 60 academicians and to 18 administrative staff. The 119 academics awards presented were:

- 53 Publications Awards;
- 28 Research Awards;
- 15 Industry/Collaboration Partners Awards;

- Prof. Dr. Haidar Dziyauddin for Best Speaker Award;
- Dr. Ibtisam@ Ilyana Ilias for Best Researcher Award;
- Prof. Dr. Irwin Ooi Ui Joo for Best Supervisor Award;
- Dr. Wan Rosalili Wan Rosli for Academic Award;
- Prof. Madya Dr. Hartini Saripan for Academic Leadership Award; and
- Prof. Dr. Irwin Ooi Ui Joo for Academic Award.

Heartiest congratulations to the recipients of the awards. The ceremony was also interspersed with performances from specially invited singers and lucky draws to enliven the program. With the theme of 'Glamour Glamorous' majority of the staff were wearing their best attire from head to waist. The virtual program ended with the announcement of the Best Male Attire and the Best Female Attire as well as a photo session.

UiTM i-CLas 2021

UiTM International Conference on Law & Society 2021

1-2 November 2021 | Shah Alam, SELANGOR, Malaysia

On the 1st and 2nd of November 2021 the Faculty of Law, Universiti Teknologi MARA (UiTM) in collaboration with the Universitas Gadjah Mada (UGM), Indonesia, Universitas Airlangga (UNAIR), Indonesia, Thomson Reuters, the International Committee of the Red Cross (ICRC), Universiti Utara Malaysia (UUM), the College of Law of the University of Cincinnati, Ohio (UC Law) and Perpustakaan Tun Abdul Razak, UiTM, successfully organised the UiTM International Conference on Law & Society 2021 (UiTM i-CLas 2021). The conference provided an international forum for all to share experiences, knowledge, and research findings in the area of public and private law. The conference promoted the flourishing of intellectual development and provided opportunities for networking and collaboration in a multi-disciplinary as well as cross-national nature. This event also inspired the enriching of opportunities that transcended the new needs, demands and legal implications of the last century to face our complex and challenging technology-impacted world. This aspiration was entrenched in the conference theme - **"The Imperative Legal Changes in the Transformed Lifestyle"**. This conference focused on interactive and adaptive research across all domains with the law as its embryo.

The conference was held virtually in support of the effort to contain the spread of COVID-19. Assembly of presenters and participants from seven continents of the world namely Malaysia, Indonesia, Australia, United States of America, Maldives, Bangladesh, and India, the conference successfully synchronised the presentation of 107 papers that were based on 17 distinct law nomenclatures including Cyberlaw, Family law, Islamic law, international law, Commercial law, Marine and law of the sea, Conflict of Law, Competition Law and Alternative Dispute Resolution.

The conference was privileged to have two distinguished personalities on two occasions. First, the Malaysian Minister of Higher Education, YB Datuk Seri Dr. Noraini Binti Ahmad officiated its opening and secondly, the President of Malaysian Bar, YBhg. Mr. A G Kalidas delivered the Keynote Speech. In addition to the parallel sessions, the conference also organised plenary slots to provide platforms for the participants to garner more knowledge from the experts. The first plenary slot was based on the 'Law & Technology' theme and the respected speakers were:

Speaker 1: *"Today's Technologies, Law and Artificial Reality"*

Assoc. Prof. Dr. Razmetaeva Yulia

Head of the Center for Law, Ethics and Digital Technologies

Associate Professor, Department of Theory and Philosophy of Law

Yaroslav Mudryi National Law University, Ukraine (NLU)

Speaker 2: *"The impact of Emerging Technology on Contracts: Coping with Change"*

Assoc. Prof. Dr. Hartini Saripan

Dean of Faculty of Law

Universiti Teknologi MARA, Malaysia (UiTM)

Speaker 3: *"The Impact of Technology and The Law in Australia"*

Professor Michael A Adams

Head of UNE Law School & Professor of Corporate Law

University of New England, Australia (UNE)

Prof. Dr. Irwin Ooi moderated the first plenary slot, and Dr. Nadzriah Ahmad moderated the second plenary slot. The second plenary slot was based on the 'Law & Society' theme and gathered the following prominent speakers:

Speaker 1: *"Lasting Impact of COVID on Higher Education with a Focus on Legal Education and Practice"*

Dr Eugene Clark, Emeritus Professor,

University of Canberra.

Chair, Board of Directors National Academy of Professional Studies, Fellow, Australian Academy of Law.

Speaker 2: *"Indonesia's Sustainability Reporting Standards in Financial Sector: What Needs to be Improved?"*

Dr. Iman Prihandono, S.H., M.H., LL.M., Ph.D

Dean of Faculty of Law

Universitas Airlangga, Indonesia (UNAIR)

Speaker 3: *"Preparing New Generation of Asian Lawyer"*

Prof. Dr. Sigit Riyanto, S.H., LL.M.

Professor of International Law

Universitas Gadjah Mada, Indonesia (UGM)

Speaker 4: *"International Law in Post Covid 19 Era"*

Prof. Dato' Dr. Rahmat Mohamad

Deputy Vice-Chancellor and Professor of International Law

Universiti Teknologi MARA, Malaysia (UiTM)

Despite the conference having a relatively small number of presenters, it still had a huge impact on participants who attended the conference. The conference would not be a success without the substantial support from the Dean of the Faculty of Law, Associate Professor Dr. Hartini Saripan, the management team of the faculty, the staff of the Faculty of Law and the organising committee members. This incredible organisational machinery was led by Dr. Norazlina Abdul Aziz. May conferences of this nature be continued and nurtured for the sole reason of educating and creating advancement in society.
