ACKNOWLEDGEMENT

First, I praise and thank God Almighty for the strength and grace so that I managed to do it completed my training session successfully. I want to thank God for giving me good health and the ability to carry out my internship smoothly and well for six weeks.

Thanks to my supervisor from the Faculty of Plantation and Agrotechnology, Mrs Saiyidah Raffhanah, for helping me and other coursemates throughout our training session with lots of useful information and feedback to facilitate our training. Many thanks also to the Department of Plantation and Agrotechnology at UiTM for giving a great opportunity for us to be able to choose to undergo an internship.

Next, I would like to thank Usaha Jasamaju's company manager, Mr. Joachim, Usaha Jasamaju's farm manager, for giving me the opportunity to undergo an internship at Usaha Jasamaju Sdn.'s oil palm plantation. Bhd. is in Serian. I would like to thank all the workers at the Usaha Jasamaju company for providing many instructions on farm management, physical techniques of fertilizing and harvesters using sharp tools such as scythes and spears and preparing facilities during my training and made me feel comfortable here.

Finally, I would like to thank my parents, who always supported me with the decisions I took in my practice. Thank you for being my backbone throughout my intern period and provided all my needs without hesitation while at Usaha Jasamaju.

INTRODUCTION

The industrial training is compulsory for every student with a Diploma in Plantation Industry Management as a condition for the award of the diploma. This exercise is also intended to provide exposure and experience to the students about the real situation in the field of plantation industry management and as an early preparation for students before entering the working world. For the 2021/2022 session, the training runs for 6 weeks, starting from August 15, 2022, until September 23, 2022.

I have sought and found a place to undergo industrial training in the Usaha Jasamaju. In this position, I was placed in the palm oil estate. During this training, I was given the opportunity to follow the learning about soil, oil palm management, harvest and pruning technique. The knowledge that I get can help me understand the needs of a plantation. It also improves clarity and broadens understanding of plantation complexities

OBJECTIVES OF INDUSTRIAL TRAINING

- a) To expose students to the real working environment.
- b) Let's students see the connection between theoretical learning with practical work.
- c) Adopt and comply with safety regulations in the industry.
- d) Establish and strengthen confidence in the performance of duties.
- e) Instill teamwork and good relationships with other employees.
- f) Ability to assess themselves to prepare for the working world after graduation.
- g) Raise awareness and increase student interest in the subject selected.
- h) Upholding honest, trustworthy, dedicated, and responsible for the tasks assign

1.0 INTRODUCTION TO USAHA JASAMAJU SDN. BHD

The primary credit reporting agency in Malaysia, CTOS, was founded in 1990 and is governed by the Credit Reporting Agencies Act of 2010 and the Registrar Office of Credit Reporting Agencies under the Ministry of Finance.

At CTOS, we enable credit extensions by giving people and companies easier and quicker access to vital information. The nation's banks and financial institutions, insurance and telecommunications enterprises, big corporations, SMEs, law firms, and statutory authorities all rely on us to provide a full range of credit risk management solutions and services.

Malaysia is one of the easiest countries in the world to obtain credit, according to the World Bank's Doing Business Report 2020, which ranks Malaysia 12th out of 190 nations.

Under the CRA Act 2010, CRAs are ready to advance to the advantage of individuals, companies, and ultimately the country.
