IN THE SPOTLIGHT

UiTMSAT-2 Nanosatellite to the International Space Station (ISS)

12 November 2025

On 12 November 2025, Petang Zayan X Anas featured an exclusive interview with UiTM researchers Ts. Dr. Fatimah Zaharah and Prof. Ir. Dr. Mohamad Huzaimy Jusoh behind the successful launch of UiTMSAT-2 Nanosatellite to the International Space Station (ISS). UiTMSAT-2, a small but significant satellite, represents a major milestone as UiTM leads this pioneering project under ASEANSAT. The interview, broadcast on Radio Zayan FM 104.9 from 5:00 to 6:00 PM, highlighted the satellite's mission, research efforts, and the university's role in advancing space technology in the region.
