Acknowledgement

Firstly, we were thankful to Allah S.W.T, the most gracious and the most merciful, because of His blessing and mercy and for giving us healthy physical and mental to finish our research. Under the guidance of our advisor, Mohammad Bastyan bin Mahmud, who is so generous in lending his hand and knowledge for assisting us and also his commitment in progress to accomplish this research. Thanks a lot for all kindness you have shown Sir. Special thanks to co-supervisor, Dr. Nasreen Miza Hilmy binti Nasrijal for her guidance to complete this research.

We also want to express our appreciation to all lecturers in Faculty of Administrative Science & Policy Studies who always give us support and helps either direct or indirectly during the implementation of this final research and during our two years study in UiTM.

Last but not least, we would like to convey our special gratitude to our beloved family who give us strength to keep up with the study and encourage us in the process of succeeding this project paper. Also thanks to other individuals who have involved either directly or indirectly in this final research.

Thank you very much.

ABSTRACT

This research is about factors that motivate employee to work at Melaka Police Contingent Headquarters. The objectives of this research are to determine relationship between rewards and recognition, employee participation, job assignment and motivation to work. About 136 respondents were selected as sample size of this research. Convenience sampling technique was used when selected the 136 respondents at Melaka Police Contingent Headquarters. The respondents were required to answer questionnaire that consists of 48 questions include 5 demographic section. The researcher use Descriptive statistic, Cronbach's Alpha and Spearman rank Order Correlation to analyze the data gathered using Statistical Package for Social Science (SPSS) Version 20.0. The result indicates that there are positive correlations between team determinant factor and productivity.
