ACKNOWLEDGEMENT

Bismillahirrahmanirahim,

In the name of Allah, our God that been praise every day and in the name of Muhammad SAW, our beloved prophet, peace be upon him. Alhamdulillah, praise to Allah, without members giving 100% of efforts to complete this research, this research would not been completed before due date. All of our efforts, been paid with this completion of the projects.

We have taken efforts in completing this research. However, it would not have been possible without the kind support and help of many individuals. We would like to extend our sincere thanks to all of them. We are highly indebted to Puan Siti Melinda Binti Haris for the encouragements and constant supervision as well as for providing necessary information regarding this project.

We wish to avail ourselves of this opportunity, express a sense of gratitude and love to our parents for their encouragement, motivation, financial support, and for everything. The research study is nothing without them who contribute for this research project.

Last but not least, our thanks and appreciations also go to our friends and classmates as they give useful information and knowledge regarding our research study on the factors that affecting police integrity. Our thanks also go to people who rendered their help with their abilities whether directly or even indirectly during the period in completing this research study.

Wassalam.

ABSTRACT

The purpose of this research is to identify the factors affecting the police integrity at Ibu Pejabat Polis Kontinjen Bukit Beruang. This study is to examine the factors which affecting the integrity among the police at Ibu Pejabat Polis Kontinjen Bukit Beruang, Melaka and identifying the most significant factors which influencing the police integrity. The factors are comprises of the individual behavior, ethical leadership, and the organization factors. In order to achieve the objective of the study, the researcher used the convenient sampling as the sampling technique , through the questionnaire, and 150 police were chosen as the respondents and they are from various departments which are from the administration, traffic, narcotic, special branch, criminals, logistics and commercial. The data gathered has been analyzed by using various method and analysis including descriptive statistical analysis, reliability test, Spearman's Bivariate Correlation, and Multiple Regression analysis. The result of correlation analysis revealed that all the three factors affect police integrity and the final results revealed, among the three (3) factors, the organization was found as the most significant factor that affect the police integrity.
