ACKNOWLEDGEMENT

I would like to take this opportunity to thank those who had lend some time to provide assistance, guidance and support during the completion of this thesis as a partial fulfillment for my degree in Bachelor of Science (Hons) Information Technology.

First of all, I would like to express my gratitude to Pn. Zaidah Ibrahim, my supervisor for being there in completing this thesis. Your advice is most appreciated.

Next, I would like to thank Mr. Radzuan Radziwill, and his staff for giving me the opportunity to develop this website. I really appreciate what you have done to help in in accomplishing this project. Thank you for your idea and information.

To my beloved fiancé, Mr. Khairul Fitri Ab. Kadir, thank you so much for giving me strength when I was weak, for giving me hope when I lost my faith and for always being there for me.

Last but not least, my greatest appreciation to my family for your love and friends for your support. Thank you so much.

ABSTRACT

The website for Radzuan Radziwill Boutique is developed to enlarge the business runs by this boutique through the Internet. The user can retrieve information about its owner and staffs, the collection, activities, news and also ask questions. The user can buy clothes, accessories and scarfs, online. The member of The Radzuan Radziwill Boutique is able to buy clothes according to her measurement and choose the color, type of fabric, and type of fashion suitable for her. For the Administrator, a system is built to make it easier for them to manage any transaction made by the customer. The customer's information that is his/her personal data and transaction data are kept in the databAse. The Administrator can add, edit and delete any related product, staff's information and also customer's information.
