Acknowledgement

Alhamdulillah, with the grace and blessing of the Almighty ALLAH S.W.T, we manage to complete this research, which could have not been accomplished without HIS willing. Secondly, we owe an enormous intellectual debt to our advisor En Muhamad Fuad Bin Abdul Karim who has contributed greatly to our research study. We would also like to extend our appreciation for their willingness to provide constructive guide, advice, personal attention and comments on our works.

We would also like to express our gratitude to our second advisor Pn Yuhanza Binti Othman for her guidance and advises towards our project paper. Our appreciation also goes to all the respondents for giving us direction in completing this project paper and truly grateful for their cooperation.

Last but not least, we would also like to extend this gratitude to thank our friend and family on supporting and encourage us to complete this research study, without their dedication, this research study would not have documented.

Thank you very much

ABSTRACT

In this study, the researcher is focus on the factors that influence Bachelor of Administrative Science final year students in selecting research supervisor for ADS 511 in UiTM Kampus Bandaraya Melaka. The purpose of the study is to examine whether there is any relationship between students and selecting the supervisor among students in UiTM Kampus Bandaraya Melaka and to identify which factor most influence students in selecting their supervisor. This research emphasizes on the purpose of conducting by examining how several factors lead to the selecting supervisor among students. Besides that, in this study it focus on three factors which are teaching style, lecturer personality and lecturer expert. For this study, the researcher uses the simple random sampling and from 260 populations the sampling is 155 respondents. In this research also use several methods such as reliability test, normality test, the Pearson Correlation and also multiple regression analysis. The findings show that higher number of respondents answered the questionnaire were females. Based on the multiple regressions, it indicates that teaching style is the most factor influence in selecting supervisor and the lowest factors is lecturer personality that influence students in selecting their supervisor in UiTM Kampus Bandaraya Melaka.
