ACKNOWLEDGMENTS

Alhamdulillah, with the grace and blessings of The Almighty ALLAH S.W.T, I manage to complete this research, which could have not been accomplished without HIS willings.

I would like to express my deepest gratitude to the Research Committee members who have given the trust and confidants and subsequently support our research proposal. We are also grateful to the former Dean of the Faculty of Business Management, UiTM, Associate Professor Dr. Hajjah Faridah Haji Hassan, as upon her strong recommendations and support I was being granted the grant from the BRC to carry out this research.

I honestly appreciate the BRC, University Teknologi MARA for the privilege of the research grant. Without this generous financial assistance, this research endeavour would have been impossible to embark on.

Special thanks and acknowledgement goes to the following individuals and institutions: Encik Mohd Azni bin Mohd Ali (Director of the Direct Selling Unit) and Cik Nor Azlina Ariffin of the Ministry of Domestic Trade and Consumer Affairs for furnishing me with the research reports and pertinent information on the Direct sales industry of Malaysia, the manager of the Direct Selling Association of Malaysia for her encouragement to explore this 'hidden' industry potentiality and last but not least the AVON Cosmetic (Malaysia) for sponsoring the lucky draws prizes for the respondents who had given supportive cooperation; without these incentives it would be fairly difficult to achieve the targeted sample size.

My appreciation also goes to my research team members Associate Professor Rosidah Musa and Associate Professor Wan Nor Faridah Che Wan Putra for their commitment and contributions in this study. I would also like to thank all my friends for offering assistance and encouragement throughout my period of completing this research.
