ACKNOWLEDGEMENTS

By the name of Allah the Al-Rahman and Al-Rahim, the Almighty. My utmost gratification is to Him; it is His will that makes it possible for me to complete this report, it is Him who gives me the strength to fight my weaknesses. This study would not have been possible without the advice, contribution and moral support of several individuals. First of all, I wish to express my sincere and deepest appreciation to my supervisor for his assistance, constructive suggestions, encouragements and patience which have been a great favor on my behalf. I wish to dedicate my deepest thanks and heartfelt appreciation to my beloved and understanding family; especially my parents, En. Jamil bin Kassim and Puan Hanizam binti Dagang and also my siblings. My appreciation and thanks also go to all my close friends for the strength, support, advice, assistance and the shared laughter. Thank you for being so supportive to me. Last but not least, my gratitude also extends to all the respondents who rendered their cooperation and support in the gathering of data for this study.

Thank you and thousand appreciations.

Alhamdulillah.

TABLE OF CONTENT

CHAPTER 1

INTRODUCTION

1.0 Introduction

This research intends to understand the methods of conventional hajj course and how courseware concept helps in order to enhance the flexibility and quality of the training. This research also wants to identify problems or issues affecting the quality of methods in current hajj course. The first chapter will explain about background, problem statement, objective, scope, significance of research limitation of the research and overview of the research.

1.1 Background of Study

Among the rights that Allah has places upon His servants is Hajj. Hajj is one of the five pillars of Islam and its obligation comprises a dynamically complex mixture of rituals, encampments, journeys and other rights that provide the
