"DECLARATION OF ORIGINAL WORK"

I, SITI NUR ATIQAH BT MOHAMAD KHERRULDIN,

(I/C Number: 931020-06-5692),

Hereby, declare that:

- This work has not previously been accepted in substance for any degree, locally or overseas, and not being concurrently submitted for this degree or any other degrees.
- This project paper is the result of my independent work and investigation, except where otherwise stated.
- All verbatim extracts have been distinguished by quotation marks and sources of my information have been specifically acknowledged.

ABSTRACT		Х
CHAPTER 1	INTRODUCTION	
	1.0 Introduction	1
	1.1 Background of study	2-3
	1.2 Problem statement	4-6
	1.3 Research objective	7
	1.4 Research question	7
	1.5 Hypothesis of study	8
	1.6 Significant of study	9
	1.7 Conclusion	10
CHAPTER 2	LITERATURE REVIEW	
	2.0 Introduction	11
	2.1 Literature review	11-12
	2.1.1 Inflation	12-13
	2.1.2 Economic Growth	13-15
	2.1.3 Money supply	16-17
	2.1.4 Exchange rate	18-19
	2.2 Theoretical Framework	20
	2.3 Conclusion	21
CHAPTER 3	METHODOLOGY	
	3.0 Introduction	22
	3.1 Research design	23
	3.2 Data collection method	24
	3.3 Data analysis	
	3.3.1 E-views	25
	3.3.2 Simple linear regression	25
	3.3.3 Multiple linear regressions	26
	3.3.4 F-test statistic	27
	3.3.5 T-test statistic	27-28
	3.4 Diagnostic Checking	
	3.4.1 Normality test	28-29

3.4.4 Heteroscedasticity 30 3.5 Unit Root test 31 3.6 Empirical Model 3 3.6.1 Model 1 3 3.6.2 Model 2 3 3.6.3 Model 3 3 3.5 Conclusion 3 CHAPTER 4 FINDING AND RESULTS 4.0 Introduction 3 4.1 Unit Root test 4 4.1.2 Philip-Perron test 3 4.2 Normality test 4 4.2 Normality test 3 4.3 Descriptive statistic 38 4.4 Correlation 40 4.5 Finding Empirical Model 4 4.5.1 Simple Linear Regression 4 4.5.1.1 Model 1 4 4.5.1.2 Model 2 45 4.5.1.2 Model 2 45 4.5.1.2 Diagnostic test 46 4.5.1.3 Model 3 46 4.5.2.1 Model 4 52 4.5.2 Multiple linear Regressions 5 4.5.2.1 Model 4 52 4.5.2.1 Model 4 52 4.5.2.1 Model 4 52 4.5.2.1 Model 4 52 4.5.3 Conclusion		3.4.2 Multicollinearity	29

ABSTRACT

The aim of this study is to determine the relationships between economic growths, money supply, and exchange rate as independent variables that would effect to the inflation rate as dependent variable. The researcher has investigated how those of the variables would be effect on the inflation rate especially in Malaysia economic by using the annual basis data from year 1986 to 2015. There have three variables that have been taken as independent variable of this study. The name of the chosen variables is economic growths, money supply and exchange rate. The researcher interested to study in the relationship between this variable and inflation rate because to indicate the change of trends in the economy.
