## **ABSTRACT**

The final project for the student of Diploma in Interior Design is a manifestation towards the student's knowledge about the whole aspect on interior design that had been learnt from basic to the final presentation on the proposed design. The project that had been chosen for the final project is to propose a new interior design of Ruby Pets Clinic for Ruby Anandan Sdn Bhd at No.22, Jln Jati 3/6, Section 3, 40000 Shah Alam, Selangor. This project is for make the new image and complete a client needed. This proposal is to open new concept of Ruby Pets Clinic with modern nature images. The main objective is to introduce a 'Perceive by touching' concept to follow the client need besides suitable with company corporate image and identify. The idea to undertake this project was given due attention after taking into consideration the current and design issues, and to solve the problems encountered by the Pets Clinic efficiently. Therefore, a plan was proposed to prepare new design and approach that may interest and fulfil the aspiration of the client, workers and customer. Design concept should be taken into account as profoundest study. From the research and observation conducted, all data and details gathered was used as a guideline in the design process.

## 1.0 INTRODUCTION

### 1.1 PROJECT'S BACKGROUND

This report is a comprehensive exercise design, which are the students have to prepare new interior design for their final project. The title for my final project is Proposed New Interior Design of Ruby Pets Clinic for Ruby Anandan Sdn Bhd at No.22, Jln Jati 3/6, Section 3, 40000 Shah Alam, Selangor.

Recent events in the pets industry have shown that the level competition experienced in the past will further intensify in the future, this competition will be driven by services, product, variety of pets and quality of Pets Clinic.

In most development country pets is using as human best friend. It is because of their limited time to communicate with human. Basically, human nowadays are tuff to find a good job, money to support their life. So with make pets as human friend at least their can enjoy their self. Besides if we can see that there is had of pet's hotel and pets care centre, so that showing that pets is important to human.

Basically pets clinic is very typical therefore it is good for introduce a good and more intelligence design suitable with nowadays world which is improve our lifestyle.

This project has chosen to provide a different different style of pet's clinic, redesign a new concept and image of display fixtures and to provide site gathered for pet's clinic, by giving a practical and comfortable atmosphere in
