ABSTRACT

A final year student pursuing a diploma course in Interior Design is requisite to organize a final year project. All the design must be connected to the project that has been decided. Before making the design, major aspect must be considered to get the information. The research, case study, design schematic and the planning have to be done to make sure that client will give the good reaction to our design. Because of that, the organized work must been done perfectly starting from the design development until the end of the project. Proposed new interior design scheme for 3RUN MY Training Centre is one of the compensation to the client to establish their scope of extreme sports in Malaysia since this community already exists in Malaysia and getting well known by Malaysian. 3RUN MY also want to make a great platform for them to open people's eyes to not misjudged about their activities. They also want to have a proper place for them to enjoy their activities with a better space not like before which they need to practice at randomly pick places.

According to the objectives and the issues, a space planning must be suitable with the design concept and images. So, to realize the design into space is a difficult way because it has the procedures that must be followed. The planning has been produced and the ideas that wanted to be applied into the space must be linked to the concept and images. By that, the good design is produced with the concept, the images, into the design axis and followed by the development of ideas.

CHAPTER 1 INTRODUCTION

1.1 BACKGROUND OF THE PROJECT

This final report is compulsory for obtaining a Diploma in Interior Design, Universiti Teknologi Mara. This course is a comprehensive act as a design understanding exercise for the students, where at this level the students are given to prepare a design scheme based on analysis and observations related to issues and problems that they encounter while dealing with the design process. This final report writing is a report for final project Diploma in Interior Design on 'Proposed New Design of 3Run My One Stop Training Centre at Lot 2395, Seksyen 41, Jalan Sultan Ismail, Bandaraya Kuala Lumpur.

Nowadays, there are no places that is specially create to place all parkour player under one roof where they can meet, train, discuss or even just hang out. As a result, they don't really being recognized by Malaysian although some of them had been recognized at the international level. Ministry of Youths and Sports promised to give support in terms of money basic equipments. Basically, 3Run My is a community which placed all the parkour player, trainer which is called tracuer and even the people who loved this extreme sport. Parkour is a kind of extreme sport which really needs the bravery and determination in order to master the sports. It is a kind of sport that the players learn how to move freely by jumping, running and even climbing. They need to really learn the skill to achieve the right way to do parkour.

Recently 3Run My community had been discussed about the centre which they can do their activities in it with a proper design to place all of them without need to practice at some others places. They believed the existence of this centre can be a medium to
