ABSTRACT

A website is a collection of related web pages containing images, videos or other digital assets. This study is about the usage of Perpustakaan Sultan Badlishah (PSB) Website in UiTM Kedah. The purpose of this study is to investigate the factors that influence the usage of Perpustakaan Sultan Badlishah (PSB) Website among Faculty Information Management (IM220) students. Descriptive analysis was carried out based on the accessibility, currentness and the content of the PSB website. The finding of this study will help the PSB Library to improve their website in order to make sure the library users don't have any problem when using the library website. It also will help the Sultan Badlishah Library to improve their maintenance in order to make sure the library users would have any problem when utilizing the library website.
