ABSTRACT

Finance Industrial Training is the program introduced by Faculty of Business Management, UiTM to all undergraduate Finance students as partial requirement for them to acquire a Bachelor of Degree in Finance. It is proud to mention that I have finished my internship in Bank Kerjasama Rakyat Malaysia at Seremban Negeri Sembilan, BKRM successfully for 5 months. In addition, as one of the Islamic Banking in Malaysia, BKRM's services are very wide. Some of the services that BKRM used will be discussed in this report. Throughout this report, I will also emphasize on what activities that I have conducted in several departments that I have attached. During the training, I have experienced new things and faced real working environment. Apart from that, I have learnt many theoretical parts in Islamic Banking field. At the same time, I was able to relate what I have learnt in university with all lessons in BKRM. Here, I would like to recommend some suggestion to respected parties in order to perform better in future.
