ACKNOWLEDGEMENT

First and foremost, we would like to thank Allah s.w.t for giving us the strength and will to complete this business plan. We would also like to take this opportunity to thank those who directly and indirectly helped us throughout the semester in terms of their contributions, opinions and support to this project. Without their support and encouragements, it would be impossible for us to meet the deadline.

Our special thanks to our ETR lecturer, Prof. Madya Dr. Ismail Abd. Wahab for his guidance and criticism. Without his `directions`, we would be `lost` in trying to find relevant information for this business plan. All our colleagues also should deserve a recognition in this project. All of them had been very supportive and friendly. It was an invaluable and enjoyable working experience that we will not ever forget.

We would also like to acknowledge the contributions of Miss Esther Yong, the General manager of Kindergarten Operations, Education ventures Sdn.Bhd and Cik Melissa from Tadika Seri Kurnia who willingly and helpful enough to let us interviewed them. It was such an unforgettable event.

A special thanks to our senior and housemates for their help and brilliant advice towards the completion of this paperwork..

We would also like to to express our gratitude to Mrs. Hui for her help regarding the information about pre-school education.

Finally, our biggest appreciation goes to our beloved family. Their positive encouragement, love and support had given us the confidence to complete this business plan.

We really appreciate what you all have done for us.

May Allah Bless Us All.
