ABSTRACT

Zakat is the fourth fundamental pillar of Islam. Zakat is a payment that is obligate to all Muslims. Literally zakat means purify and growth. There are many types of zakat that are obligated to Muslim people but this research only want to focus on zakat on employment income. Zakat on employment income is payment that been make after deducting the basic expenditure, exceed the nisab amount and based on lunar year. Nowadays, there are certain Muslim workers in this country that have exceeded sources and income does not make a payment of zakat on employment income. The result from this research can be use in order to improve the performance of the Muslim workers in making the payment of zakat in employment income in Malaysia in general and Segamat particularly. This research aims to analyze the factors influencing the payment of zakat on employment income in Segamat, Johor. The main objective of this research is wanted to analyze the factor influencing the payment of zakat on employment income in Segamat, Johor. There are two variables involve in this research which are independent variable include knowledge, income and self- awareness and dependent variable include payment of zakat on employment income. There are 150 sets of questionnaire had been distributed to the respondents in Segamat area in order to collect the data. Lastly, the SPSS 2.2 is used to analyze the data collected for the purpose of analysis.

ACKNOWLEDGEMENT

Firstly, I want say Alhamdulillah and praise to Allah because giving me an opportunity and good life during this semester in order to complete this final year project paper. Without this opportunity, I cannot settle and complete this project paper by myself properly. For this research, the title that I choose is 'Factors Influencing the Payment of Zakat on Employment Income in Segamat, Johor.

Besides that, I would like to say thank you to my beloved advisor which is Madam Rabiatul Alawiyah Binti Zainal Abidin because give full support and guidance to me in order to settle and complete this final project. She is the best advisor because she usually teaches me a new knowledge and information in order to settle this research. Without hers, this research cannot be complete and produce in a good way.

After that, I also would to say thank you to the people in Segamat area who work either in government or private sector because spent their time in order to become my respondent and answer my questionnaire. Without them, my 150 set of questionnaire not been answered on time and at the same time I also cannot get the data from the respondent to complete this research.

Lastly, I also would like to say thank you to the people likes lecturers, family and friends who are directly and indirectly involve during completing this research. Without their support, I cannot do this research by myself completely.
