Our contribution to the project has been through extracting relevant materials in order to do research in addition in conducting interviews with members of the public. Usually under many researches conducted, the acknowledgement of the debts to others is always the pleasantest test. The help given for this project paper has been of permanent value, hence our gratitude to them will never be diminished.

First and foremost, we would like to express our gratitude to the Almighty ALLAH S.W.T for bestowing us the strength and patience in completing this project paper. To our beloved parents who had given us an utmost support in ensuring that we had completed this project paper, not just through financial support but also the motivation given.

Next, not to forget our supervisor Pn Fatimatuzzahra' Dzulkifli for all the guidance, support and patience she had with us during the period of completing this project paper. We would also like to extend our thanks to the villagers of Kampung Nelayan and Kampung Gertak Sanggul in Teluk Kumbar for their warm and jovial treatment we received by letting us to conduct interviews and researches at their place.

In conclusion, we would like to record our appreciation of the efficiency and indulgence of the Perpustakaan Tun Abdul Razak 2 (PTAR 2) in addition by providing relevant materials for this study and also we would like to thank the staff of PTAR 2 especially Miss Shakirah, for her lending hand in showing ways to find important materials. With this we hoped that ALLAH bless you all.

ABSTRACT

This project paper is concerning on the present status on laws of public nuisance in Malaysia. Despite tremendous laws existed in Malaysia, yet we witness substantial phenomenon of public nuisance occurred. The research conducted are only limited to tortious laws on public nuisance, the provisions on public nuisance under Environmental Quality Act which is limited to industrial waste management and the Local Government Act.

This project paper will touch on these laws and its components. Therefore a comparative study will be done in determining the strength and weaknesses of these laws. In addition, this research paper will also include a case study in order to determine the practicability and the effectiveness of these laws.

In the end of this project paper, recommendations will be proposed based on the findings of the research with the hope to increase effectiveness of the laws on public nuisance.
