.....
SR MOHD DZULKARNAEN SUDIRMAN
(JANUARY 2019)

ACKNOWLEDGEMENT

The success and final outcome of this assignment required a lot of guidance and assistance from many people and extremely fortunate to have got this all along the completion of our assignment work. Whatever we have done is only due to such guidance and assistance and we would not forget to thank them. We respect and thanks to the Mechanical Engineer of Project Implementation and Building Maintenance Department (DBKL Tower 1), Mr. Muhammad Hafiz Ismail for giving us an opportunity to do this assignment work and providing us all support and guidance which made us complete the assignment on time. We extremely grateful to him for providing such a nice support and guidance.

We were also grateful because we managed to complete this assignment within the time given by coordinator Sr. Mohd Nurfaizal Baharuddin and our supervisor Sr. Mohd Dzulkarnaen Sudirman. Last but not least, we would like to express our gratitude to Mr. Muhammad Hafiz Ismail, Sr. Mohd Nurfaizal Baharuddin and Sr. Mohd Dzulkarnaen Sudirman respondents for support and willingness to spend more time with us.

• 2.1.1 Top Management of DBKL	29

ABSTRACT

Dewan Bandaraya Kuala Lumpur (DBKL) is a local authority that center of many socio-economic various activities including business, finance, administration, education, religion, culture and sports. The design concept that have use to DBKL Tower 1 building is Islamic geometric design that symbol represents the nation identity and also expression of Malay Muslim are majority ethnic group in the country. DBKL Tower 1 also provide facilities and services that ease occupants and visitor of the building such as café, kindergarten and cooperative. The classification of maintenance that have been used are preventive maintenance which covers on mechanical and electrical, and corrective maintenance that had been done for small cases. There are use in-house and our-source contractors for maintenance. We learnt that maintenance is very important to create a good rating on building services and building condition.
