## ACKNOWLEDGEMENT

Alhamdulillah and thanks to Allah SWT for giving us the opportunity to complete this business plan and named it as RINAS Sdn. Bhd. Without His Grace's consent, we would not have completed our business plan. This project is basically for students in final year to complete the undergraduate program that leads to the Diploma in Banking. This report is based on the methods given by university itself.

Firstly, we would like to express our thanks to our beloved lecturer of Fundamental of Entrepreneurship in UiTM Kampus Bandaraya Johor Bahru, Tuan Syed Mazlan bin Syed Md Dom for his kindness on giving the knowledge, information and instruction on the business plan. Without his guidance and patience, we would not have been able to complete the project successfully within the required time. All the information and instructions from his is vital as a guide throughout the completion of our business plan.

Moreover, We also want to thanks to all the lecturers of Business in Banking for their cooperation during we complete the final year project that had given valuable information. Appreciate also the management of Johor Land Berhad that shares lots of information in property management. We would also like to thanks to each other for hanging on until the end of the project. Without the cooperation from all of us, the business plan would not able to be completed.

Finally, our gratitude also goes to our family, classmates, and friends and to all who directly or indirectly involved in our project for their cooperation, encouragement, constructive suggestion and full of support for the report completion from the beginning until the end.
