## ACKNOWLEDGMENT

First and foremost, we would like to thank Allah Almighty for His blessings and kindness for granting us with much needed strength and wisdom in completing this project.

This research project would not have been done without the help and support of many people. With that, we would like to express our deepest appreciation to our supervisor, Mr. Abang Ikhbal bin Abang Bolhil who has shown the attitude and the substance of a genius. Without his supervision and guidance, this dissertation would not have been possible. Also, we would like to take this opportunity to thank Mrs. Tuan Noor Hassini binti Tuan Omar, a social worker at Pusat Aktiviti Kanak-kanak Chow Kit for providing us with information on how the child centre is conducted as well as giving us an in-depth look regarding the real situation of stateless children. Special thanks to Mr. Hishabmudin bin Abu Yazit and Mrs. Norlizawati binti Man, the Head of Birth Department as well as the Head of Citizenship Department in the National Registration Department for providing valuable information about the procedures of registration. Our sincere thanks also go to Prof. Emeritus Datuk Dr. Shad Saleem Faruqi, who serves as a legal advisor at Universiti Teknologi MARA as well as a law lecturer at Faculty of Law for providing us his views on this topic. We would also like to thank our batch mates and seniors who never failed to come to our aid whenever we needed them.

Without the help of these lovely people mentioned above, our work would not have been completed in time.

This research was completed by our team of four which consists of Nur Azrina binti Zainal Azman, Farhana Sofea binti Norjahan, Nor Maisarah binti Hassan as well as Noor Amiera Syamimi binti Azmadi. Each and every individual had contributed their tremendous effort and commitment to the success of this research. The tasks were divided according to each member's strengths and competencies. Other works pertaining to the data collecting and analysis, interviews, and drafting were carried out collectively by all the members.

## **ABSTRACT**

This study is aimed to reflect the importance of recognizing the rights of undocumented foundling children located in West Malaysia.

The research will be based on qualitative type of research by focusing on data gathered from various written sources as well as interviews conducted with legal experts. It will focus on the consequence of such absence on the rights of the said children in the Act.

The research concludes that the Act has not recognized this type of children and thus, some recommendations have been proposed at the end of this research in view of improving the Act and thereby increase the protection of such children who are facing with citizenship difficulties.
