## **ACKNOWLEDGEMENT**

I am very thankful to Almighty Allah who has all the powers in the world and who also gives me power to perform the assigned task, which otherwise I cannot perform.

A special gratitude goes to my lecturer, Puan Wan Masnieza binti Wan Mustapha who contributed in stimulating suggestions and encouragement, helping me to coordinate to make this business that accomplishes with the new technology product. She also never gets tired to guide me especially in finishing writing this report.

I am thankful to my classmate that always helps me while writing this report. They are very helpful in giving some ideas in doing this blueprint project and teach me a lot about it. A special thanks to my family for their moral and financial support during preparation of this report. These commitments enable me to succeed in completing this report on time.
