ACKNOWLEDGEMENT

This research has been carried out by us as partial requirements for our Bachelor of Legal Studies (Hons).

The research will not be completed if there is no generous assistance and guidance from the followings:

- a) Special thanks to our supervisor, Dr Mohamed Azam Mohamed Adil for his understanding and effort in guiding us in completing the research.
- b) Staff at the library in the Perpustakaan Tun Abdul Razak 2 for assistance in helping, guiding and finding the relevant information for this research.
- c) Last but not least, our sincere appreciation to colleagues whom had given their sincere comments, opinion and indirect contribution in completing our research.

Thank you.

ABSTRACT

This research aims to explore the constitutional laws on the doctrine of separation of power based on Federal constitution. It is to look into the practice of separation of power where it could highlight the interaction of law with other aspects of life such as economic, social and political development of the country. It also help to highlight the mechanism in preserving the fundamental liberties in protecting the citizens as stated in Federal Constitution under article 5 until article 13.

Furthermore, the research also looks into the practical standpoint, which this research of this nature would provide the information about the extent of the issue or problem in the practice of separation of power. The research would also be able to provide better understanding for the societies in the said concept of separation of power. In addition the study will delve into the importance and the implication of reforming the doctrine of separation of power in various aspects especially on economic, politically and social.
