ACKNOWLEDGEMENT

Bismillahirrahmanirrahim..

In the name of Allah S.W.T, The Most Gracious, The Most Compassionate and The Most Merciful. Alhamdulillah, all thanks and praises to the Almighty Allah S.W.T., The Lord of The Universe for giving me the strength, spiritual and physical also inspiration and making all the things are possible for me to complete this project paper accordingly.

First of all, I would like to express a lot of appreciation and gratefulness to my beloved advisor in conducting and assisting me in this project paper, Miss Nik Suriati binti Nik Hasan. This includes all of her guidance, ideas, patience, encouragement and willingness for sparring me some time for consultations to ensure this project paper is complete. Also a greatest thank to Madam Azizah binti Isa as my second examiner.

Besides that, it was my pleasure to acknowledge and special thanks to all of the respondents for answering my questionnaire that help me a lot in interpreting data for this study.

Finally, an honourable mention goes to my families and friends for their understanding and supporting me in completing this project paper and to God who made all things possible. Without the help of particular that was mentioned above, I would face many difficulties while doing this project paper. Once again, thank you.
