## ABSTRACTS

*These study of research is the overview on KPM Sdn Bhd ( the second port operator in Port Klang ) capability on handling the conventional operations of general breakbulk. The research on operation is taken on the activites done at North Port side on a selected cargo type.*

*What is presented are due on the performance of gang output and the problems undertaken within the whole operation period. The problems appeared will determined the management planning, done by KPM as weel as identifying it's future plans for future resource allocation.*

*The presented performance will give the idea of level of service and the proper planning of conventional handling and it's future trends in the comptetive market.*

## ACKNOWLEDGMENT

*I wish to thank the esteemed contributors without whom this thesis would not have been possible. They have given their freely time energy, support, courage and motivation during my industrial attachment period. On these opportunity, I would like to extend my appreciation and gratitude to all of those people and with special thanks to each of them for the help of enriching my thesis. My deepest thanks to :*

*Tuan Haji Arshad Zainuddin, my helpful advisor who has given me a helping hand , support and guidance throughout the whole study period.*

*Mr. A. Kanesan, the cargo Service Manager, thank you for giving me the opportunity to do my practical attachment under such loving and caring environment of Cargo Service Department.*

*All loving, caring and kindly staff of KPM in Block B, Block A and the operational side staff at zone 1, 2 and 3, who have been so helpful, generous and selflessness in giving their priceless help and support especially to En. Aziz Borhanuddin (Administration Assistant Manager), Kapten Razali b. Hassan, En.Basir Maskijo and other SSBU's Head.*

*To all the people in Cargo Division Computer Room, thanks for the great help with the computer programmes especially En. Anwar Zakaria, En.Hassan and Cik.Rosmawati. Thank you too, to the Internal Audit staff of Block B for helping me with the completion of the thesis.*

*Lastly, I like to convey my thanks and heartfelt gratitude to all my loving freinds 'KRU's and Tr.Girls', thanks for being such supportive and understanding in helping me during my practical period. I wish you all good luck and with warm wishes to all of you in future undertakings.*
