ACKNOWLEDGEMENT

Firstly, I would like to thankful to Allah S.W.T for giving me strength to prepare this project paper with all the patience and encouragement that have been motivated me to finish this final review. Therefore, I would like to take this opportunity to express my gratitude to those involved directly and indirectly.

Great appreciation to my project paper supervisor, Ana Kashfi binti Muhamad due to her time to give advice and useful commend in the process of the completing my project paper. A big thank you also goes to staff of the Segamat Municipal Council which give me the necessary information to complete the study.

High gratitude also goes to both my parents, Rosli bin Kadar and Norleha binti Mohd. Nor for support me all the time and all the prayers, so that I can finish the final year project on time. Finally, I would like to thanks to my colleagues who were involved directly or indirectly in helping me accomplish this study.

With patience and encouragement have been motivated me to finish this final review. The cooperation given by all are greatly appreciated. Thank you.
