## ACKNOWLEDGMENTS

First and foremost, praise be to Allah SWT the Almighty and the All Merciful, who has given us, the powerless creature, His guidance so that we can smoothly finish our final year project entitle " Assessment of Job Stress Related Factors on Job Performance among Nurses in Private Hospital in Kelantan: A Case Study in KPJ Perdana and Kota Bharu Medical Centre" as the requirement for the degree in Science Statistics.

First of all, our gratitude sincerely goes to our supervisor Madam Tengku Muhaini Binti Tuan Mat who has patiently trained and taught us to be the real researcher. We are greatly indebted and sincerely grateful for the guidance, support and continuous advice not only on academic matters but on social issues as well. We sincerely appreciated her patience and commitment to see us finishing our final year project. Our sincere gratitude also goes to our co-supervisor Sir Mohd Azry bin Abdul Malik for the continuous advice and expertise in statistics and for always being there for us whenever we needed his counsel.

Many thanks go to Mr. Abd. Aziz Bin Abd. Rahim, Talent Management Executive KPJ Perdana Specialist Hospital and Ms Suraya Hanin Bt Mahmood, Human Resources Executive Kota Bharu Medical Centre Hospital for letting us to do a survey in KPJ Perdana Hospital and Kota Bharu Medical Centre (KBMC) Hospital. We sincerely thank them for the support during preparation and actual data collection. We also appreciate to the nurses who participated in the study and we are so grateful for your precious time to complete the questionnaire. In addition, we would like to thank our lecturers who never give up to teach us and to all of my beloved classmates who never stop sharing the knowledge and help us in finishing

our final year project. Lastly, our sincere gratitude also goes to our supportive parents and

family members for the words of encouragement, the moral support, the love they showed

us and prayers surely kept us going.
