## **ACKNOWLEDGEMENT**

“In the name of Allah, the most Gracious and Peace be upon his Messenger, the holy prophet Muhammad S.A.W.”

Praise to Allah S.W.T, the most merciful and peace is upon His messenger Holy prophet, Muhammad S.A.W. Alhamdulillah to Allah S.W.T for giving me the courage, the knowledge and time to accomplish this study.

First of all, I would like to express my appreciation and gratitude to my helpful advisor Madam Nur Haslina Ramli for helping me a lot, especially her guidance. I was so grateful for having her as my advisor because she gave me a lot of an ideas and suggestions also advice. I was greatly indebted to her for helping me to overcome obstacles in the process conducting this project paper as well as for her patience. She had instructed me in inspiring and motivating manner, maintaining a good balance between good critic and encouragement. Did not forget to my second examiner, Prof Madya Dr Azman Bin Che Omar for his cooperation and support while completing this study.

Not forgotten, my genuine appreciation to my beloved families especially my parents for their support. Thanks to my parents for their continuous prayers, support and be patient with all the challenges. I was greatly indebted with all the respondents' student UiTM Kota Bharu for their cooperation to answering the questionnaire through email, online and face to face. Last but not least, I would like to thank my entire classmate for giving me support as well as help me to finish this project paper. Only ALLAH S.W.T can repay yours support

Thank You.

## ABSTRACT

The issue of academic dishonesty or increasing due to education becomes more sophisticated when all the brand new technologies have imparted to ease the processing of teaching and learning. But many internal and external variables that give effect towards plagiarism and most academics scholars agree that plagiarism is serious problem since a few years ago. The researcher study about tht factor which cause plagiarism among university student, the respondent focusing on students from UiTM Kota Bharu. There are four (4) factors in this study which are lack of awareness, time management, easy access on internet and personal attitude or value. The objective of this study is to investigate what the relationship between independent variables and dependent variable. Then, this study can provide suggestions and recommendations to students, UiTM and lecturers on how to avoid the plagiarism among student. Data were gathered from the questionnaires which were distributed to 150 respondents who are the student from UiTM Kota Bharu. The data were analyzed using SPSS through the frequencies analysis, cross tabulations, reliability analysis, mean analysis, correlation coefficients analysis and regression analysis. From the finding the objective of the research were achieve and the researcher also stated several recommendations.

**Keywords:** academic dishonesty, frequncies analysis, cross tabulations analysis, reliability analysis, correlation coefficient analysis, regression analysis.
