ACKNOWLEDGEMENT

“In the name of Allah, the Merciful, the Beneficent”

Alhamdulillah, Glory to ALLAH S.W.T., the most Gracious and the most Merciful is upon his messenger Holy Prophet Muhammad S.A.W. I am very grateful to Almighty Allah S.W.T for giving me strength and opportunity to complete this final project paper. Without His Grace and Mercifulness, this project paper may not be complete on time.

First and foremost, I would like to thank my respected project advisor, PM Dr. Azman Che Omar for his continuous guidance, advice, comments and constant support at all stage of this research, as well as to my second project advisor, Madam Nor Haryanti Mohd Noor. I would also like to take this opportunity to thank my family, with my override gratitude for them, who have given me the support, encouragement and sacrifices regarding this project paper. Moreover, I would like to express my special gratitude to all my friends for their nice views on my thesis.

Last but not least, I would like to thank to those, who I have not mentioned, but has contributed throughout this research whether directly or indirectly. Thank you for your generous time and cooperation. Lastly my special acknowledgement goes to Universiti Teknologi MARA for granting me the opportunity to pursue my study in this Bachelor in Business Administration (Hons) (Finance). I appreciate all of your help and will not forget you all. Thank you.

ABSTRACT

This research is conducted to study the determinants of online banking adoption in Malaysia. The objectives of this research are to identify the main factor that influence the adoptions of online banking. This study also aims to determine the most and least factor that influence the adoption of online banking and to examine the relationship between the adoption of online banking with the independent variables which is security, privacy, convenience and trust. Questionnaires had been distributed in Kota Bharu area in order to get feedback from the respondents. The result shows that there is a significant relationship between trust and security with the adoption of online banking.

Keywords : Adoptions, Online Banking, Privacy, Security, Convenience, and Trust.
