ABSTRACT

This report is about the economic section and the technical section in site. The economic section contains the company profile. Kitacon Sdn Bhd is a contractor that have big name around Selangor and Kuala Lumpur. This company provide industrial building and warehouses. Kitacon Sdn. Bhd. was incorporated in 1990 .The program include site visits, quarterly auditing at site, attending monthly progress meeting, drawing part and calculation part that related with civil engineering. At the end of this program, the trainee has gained valuable working experience and knowledge both in technical and administration section, and also managed to complete the program successfully. The trainee has been brought to Syeksen U1, Temasya Glenmarie, Shah Alam in Selangor for site visit in order to gain real industrial knowledge and experiences in scheduled waste management.

ACKNOWLEDGEMENT

“In the name of Allah, the Most Merciful and the Most Compassionate”

Alhamdulillah , I was managed to complete my industrial training at Kitacon Sdn Bhd for 7 weeks starting from 18 april 2015 until 7 jun 2015 as required by the facultu of Civil Engineering Universiti Teknologi Mara.

Firstly, I would like to appreciate and thanks to my supervisor Mr. Mohd Hawzan as a site engineer also my supervisor during my industrial training for all the encouragements and advices given to me during the training industry. A big thanks to Mr. Tan Kow , Mr. Muhd Izzudin , Mr. Tan Teck Kai and Mr. Farrez on their willingness to give guidance and advice to me in carrying out my duties and helped in solving problems faced during the whole industry training sessions.

Next, I give million thanks to faculty of Civil Engineering University Teknologi Mara campus Pasir Gudang because their organized this industrial training to the diploma's students because these activity give many experience to students expose and know about situation work on Civil Engineering field.

Last but not least, a big thanks goes to my lovely parent and family for being such understanding and supportive. They have indeed given me a constant support and motivation throughout the way.
