ABSTRACT

The training is practical training method that are important to each students as they can strengthen their knowledge and work experience to a student. To exposed students to the working environment in real that allow students tom look for opportunities to gain work experience in face in a real working environment. Ensure that every students learns the knowledge and experience new possibilities in class but construed in accordance with the course taken. It is also a requirement for students to pass their diploma in Civil Engineering in UiTM.

ACKNOWLEDGEMENT

First of all I would like to give a big thank to the Indah Sehati Sdn Bhd for giving me an offered and opportunity for being part of their company team for 8 weeks. It has been a great experienced and exposure for me. I've earn more than just what I expected. Secondly a big thank to my bosses En. Zakariah Bin Abu Bakar and Datuk Mohammad Naser Ismail as a Board of Director Management also as co-worker Madam Shida for guiding me in doing my work task and being such a great tutor during my interns. It such a great pleasure to work with them. Also big thanks to my colleague for sharing a lot of knowledge about work and provide a lot of information that help me finally finish my internship report, and to my advisor Sir Afifudin Bin Habulat, my coordinator Sir Mohd Azrizal Fauzi and all the Office Civil Engineering faculty for being my reference went I need an information. Lastly, I am so grateful and thank to Allah S.W.T for blessing me during my internshipprogram that finally lead to the successful in finish my report. I'm so grateful and thank you to everyone that have help me in accomplish my goal. It is such a great experience and I love to work with all of them, they are such a great people and fun to work with them. Thank you very much.
