JOHOR.

JULY 2019

## ABSTRACT

This report is set out to give the reader full information about my industrial training in Engineering Department of Pasir Gudang Municipal Council in Johor. Industrial training is one of the compulsory requirement for students in certain programs at all levels of higher education including Universiti Teknologi Mara Cawangan Johor Kampus Pasir Gudang. This course is sets up for students in order to give them experience and gain knowledge in working environment before going through the real working life. My industrial training is at Engineering Department which provide maintenance and construction to the public sectors in Pasir Gudang.

This industrial training report consists of 4 chapters which is introduction, training attended, technical report and conclusion. Chapter 1 consist of background of the organization, chapter 2 consist of weekly summary based on logbook, chapter 3 consist of training activities and special project while chapter 4 consist of conclusion of the report. In order to complete the requirement, students needs to complete at least eight (8) weeks of industrial training which is starting from 14<sup>th</sup> July 2019 until 8<sup>th</sup> September 2019.

In this Engineering Department, I have follow to works on site and helping works in the office. During my placement, I have learned a lot of new knowledge about road maintenance and construction works. This knowledge are useful for me in future and gives me a lot of advantages to prepare myself for my future career.

## ACKNOWLEDGEMENT

In the name of Allah, the Most Beneficent, the Most Merciful. All praised to the Prophet Muhammad SAW. Firstly, thankful to Allah SWT for gave me this great chance to go through industrial training in Pasir Gudang Municipal Council (*Majlis Perbandaran Pasir Gudang*) and finish it successfully.

First and foremost, I would like to thank my industrial supervisor, Abd Majid Bin Sapihe for giving me a chance to complete my industrial training in Engineering Department. Besides from that, I also want to thank all the for their guidance, knowledge and support. I also want to convey gratitude to all of the staffs and technicians here for their kindness in helping me while completing my industrial training.

In addition, it is important to have teamwork during my training and here I really want to thank my colleagues for their kindness, exchange ideas and knowledge during my industrial training even though we came from different universities. Then, I want to convey my appreciation to my Universiti Teknologi Mara Cawangan Johor Kampus Pasir Gudang (UiTMPG) lecturers and supervisor, Miss Azyan for her willingness to come to Pasir Gudang Municipal Council.

Last but not least, I want to thank my family for their love, motivation and support during my industrial training in Pasir Gudang Municipal Council. Thanks for all the ideas, opinion, knowledge and suggestion that have given to me in order for me to complete this report.
