ABSTRACT

The practical task that I choose is how to install the superstructure and how to manage on construction of double storey semi - detached house. I choose this as my case study to make this practical training report based on my experience of construction double storey semi – detached house. For the format of practical training report, which divided into several sections, which are **Chapter 1:** Introduction (Company Background / Profile, Vision & Mission, Organization Chart, Scope of Work, Location Plan and any related information). **Chapter 2:** Theoretical Study / Literature Review (Introduction, Definition, Types (with picture)). **Chapter 3:** Case Study (Introduction, Definition, Types (with picture), Method Statement / Installation Works, Defect Sheet. **Chapter 4:** Problem and Recommendation - Based on Case Study (Introduction, Problem and Recommendation). **Chapter 5:** Conclusion – References.

ACKNOWLEDGEMENT

In the name of Allah S.W.T, most gracious, most merciful. First of all, I would like to thanks and show grateful to HIM because without HIM I will not be able to complete this internship and also this practical report.

I also would like to thanks to my lecturer SR Aida Affina Binti Abdul Ghani as my supervisor in this practical session, because of her guidance, advice and support to make sure the progress of this report smoothly until complete. I am really appreciated all the cooperation from her.

Next, special thanks to my supervisor at my internship company that is En. Faizul bin Nazmin the construction manager in the company. Thanks to his sharing all the information and also sharing his knowledge during this internship. Not only that, thanks also to site clerk because give me support, cooperation and guidance. Without his I will not be able to make this internship successfully.

Lastly, thanks to my family and friends because be with me to give support during this internship until complete the report.

Azri bin Asri
