— • CHARACTERISTICS OF JUTE ROPE

AL HAKIM

MUHAMMAD AL HAKIM BIN IEZARA

alhakim014@gmail.com

In my artworks, I would like to relate my life with jute rope. It is because of the characteristics of jute rope which relates to my inner strength and life. The element and principle in the artwork are highlighting the form and details of jute rope and myself, and I used warm and cold colours as part of my artworks. In term of material, I used industrial material for my sculpture such as aluminium pipes. I used mixed media techniques for drawing and intaglio technique for printmaking; Glazing and Alla Prima technique are used for painting.
