### **Abstract**

Food is an important tourist attraction and critical tourism resources. Food also has been identified as a key determinant of tourist decision making and satisfaction. Pahang is one of the states in Malaysia that have a variety of traditional and popular dishes. However, the promotion and the information regarding the food tourism in Pahang are very limited. Therefore the 'Hogoh Eat' app has been developed. The main purpose of creating a 'Hogoh Eat' app is to help tourist to find the variety of traditional and significant food of Pahang. This app consists ten types of most popular traditional dishes in Pahang.

### **Abstract**

PuRoses is the new essence of air purifier in this century. This essence is made from the French rose bud, freshly picked from the mountains of Turkey. It helps to reduce the smoking addiction especially for heavy smokers. Moreover, it can help to overcome sleepiness among the students and employees. Furthermore, the smell of PuRoses helps to enhance one's mood into calmness and boosting positive aura. It can be effectively and safely used by everyone especially students who are trying to be more focused in the study environment.
