## **ACKNOWLEDGEMENT**

Alhamdulillah, praise to Allah, the Most Merciful, the Most Graceful.

I would like to extend my heartfelt gratitude for the guidance, advice and help individuals. First and foremost, I would like to thank Perbadanan Kemajuan Negeri Melaka (PKNM) for the opportunity given, to conduct my training in his company. His team of professionals comprising of Mr Nazimuddin have enabled me to learn and develop my understanding, knowledge and feel of real time projects and the theory involved in analysis of structure, building and civil works. They are also responsible toward streamlining and assessing my training. Also to the site personnel who have extended their cooperation and help to further enhance my ability in understanding the procedures in construction and site administration, tests procedures, site safety and best practices in the industry. It is an honour for me to be given the opportunity to 'work' with all of you.

I would also like to thank All the UiTM lectures that have taught me in becoming a better student and person. I would also like to extend my deepest appreciation to the lectures who are directly involved during my training stint. To Sr Dr Alia binti Abdullah Sani , Supervising lecturer, for value the time, effort, encouragement and ideas that they have contributes towards the successful completion of my training, this report and the valuable knowledge that have been shared over the last few semesters.

Last but no least, my special thank to my beloved parents for their sacrifices and keep supporting me over the years.

Thank you so much.
