## **ACKNOWLEDGEMENT**

Alhamdulillah, first of all I would like to thank Allah as finally I able to complete the report. I would like to express my sincere appreciation and deepest to my supervisor Sir Amir Fasha Mohd Isa for giving me guidance and support in accomplishing my report. He always supports and guide to how to do our report in purpose to produce a good outcome from research that been studied.

Thanks are also given to my family who have a lot of help and support to do this task. Next, I would like to thanks to all the staff in the building and electric department at MPKB-BRI because provide guidance and share experiences that I will never forget. A lot of new knowledge that I have learned particularly from my supervisor En. Rulhisham Remali. They always give their ideas and comments about this report in order to improve this report in various ways. Without them this work could not be done well. Finally, thanks to our classmates who have helped in this report.

Last but not least, we would like to extend our deepest appreciation to those who involved directly and indirectly guided in writing this report.

Thank you.
