ABSTRACT

The purpose of this research is to identify parents' perceptions towards music education in secondary school level. Therefore, this study serves to identify factors that influence parents' view towards music education in school. The respondents for this research consist of eight parents of the children from the selected school in Selangor. The majority of respondents had a positive perception towards music education in secondary schools. All respondents believe that music education should be taught in school, as it is cost effective. Apart from that, music develops their children's mind as well as provide career opportunities in the future. Furthermore, the majority of parents think that education should be taught secondary school level ..

ABSTRAK

Tujuan kajian ini adalah untuk mengetahui pandangan ibu-bapa terhadap pendidikan muzik diperingkat sekolah menengah. Justeru itu kajian ini juga adalah untuk mengenalpasti faktor yang mempengaruhi pandangan ibu-bapa terhadap pendidikan muzik disekolah. Seterusnya kajian mengkaji tentang adakah pendidikan muzik wajar diajar diperingkat sekolah menengah. Responden untuk kajian ini adalah melibatkan 8 orang ibu-bapa kepada pelajar daripada sekolah menengah yang terpilih diselangor. Majoriti responden mempunyai pandangan yang positif terhadap pendidikan muzik disekolah. Kesemua respondent berpendapat bahawa pendidikan muzik perlu diajar diperingkat sekolah kerana muzik dapat memperkembangkan minda anak-anak mereka selain dapat menjimatkan kos serta memberi peluang kerjaya dimasa depan. Sejurus dengan itu, majoriti ibu bapa berpendapat bahawa pendidikan perlu diajar diperingkat sekolah menengah.

ACKNOWLEDGEMENT

ASSALAMUALAIKUM W.B.T...

Firstly, I would like to thank to the Al-Mighty of Allah to give me an opportunity, energy, time and ideas to complete my academic project. Without the gift from Allah, I was never producing this research project (Parents Perception Towards Music Education).

I would to thank a lot to my parents, who give a lot of support and encourage me while I was doing this research project. They were never frustrating me since I start doing this useful assignment and always gives a lot of support to make the assignment can been done at the right time. I would like to thank my academic project supervisor, Puan Juriani Binti Jamaludin. She has encouraged me to complete this research project. She always guides and assists me to do the best in completing the assignment. She also gives a lot of information that related to this research project. A special thanks to her because she has taught me many things in come out with the findings and data.

I also would like to my respondent for this research, my loved one, my siblings, my friends, who encourage and guideline me while prepared this research. They do their best to help me by giving a lot of information regarding my research. Last but not least, thanks to all my friends that giving the utmost cooperation and collaboration in order to finish this assignment with successful. Lastly, thanks to my family for their long-lasting support and forbearance of me during time to accomplish this task.
