ACKNOWLEDGMENT

Deepest appreciation is given to the Head of Department, Department of Engineering and Maintenance, Mr. Shaharuddin bin Abdullah, Mr. Mohd Fauzan Azim bin Ahmad Zaihidi, Architectural Assistant, Mr. Haji Mohd Roslan bin Hj Pawanteh, as Senior Technician, as well as all the staff of the Engineering and Maintenance for providing me with a good environment and facilities to complete this report. Many thanks to all the staff, all the guidance I'll use preferably.

An honorable mention goes to my supervisor for this report, Madam Nur Fadhilah binti Bahardin for the valuable guidance and advice. I have been used all the guidance to complete this report. I would like to thank also to Mr Nor Amin bin Mohd Radzuan who willing to come to my practical place to supervise and give a lot of encouragement to finish my practical training.

In addition, a big thanks to my parents, siblings and to all my friends for their understandings and supports on me completing this report and throughout this 6 semester of study. Without helps of the particular that mentioned above, I would face many difficulties in doing this report.
