ACKNOWLEDGEMENT

First and foremost we would like to express our thanks to Allah because of His love and strength that He has given to us to complete the programme of practical training for almost 4 month and practical report writing. I are thank for His blessings to our daily life, good health, healthy mind and good ideas.

Next, thank you to Puan Zuraihana Binti Ahmad Zawawi as my responsible supervisors for her guidance and continuous reminder instead of providing comprehensive support, secure, providing unlimited resources and guidance for me to use throughout the internship period to ensure my industrial training run smoothly.

In addition, special thank you to Hajah Hayati Binti Nordin (TH Properties Sdn Bhd) and Haji Muhammad Rasul Bin Basit (TH Universal Builders) as my supervisor for the guidance as well as his/her willingness to share his/her vast experience apart from providing suitable learning environment for me to gain many valuable experience and knowledge. I have learnt a new things and increase numerous important recollections and information that could not obtained in classes.

Above all, I would like to express my gratitude to Allah Almighty, for all the countless blessings, health, families and friends, whose continuous support and prayers enable me to persevere and complete the internship period.

ABSTRACT

Industrial training is a key component of the learning curriculum University Technology Mara (UiTM). Students are required to pass the industrial training prior to the award certified in a particular organization for one semester to expose them to the working environment.

The training also embed moral qualities in themselves as a student of the nature of trust and responsibility in carrying out the duties and confident in making a decision. The industrial training, the students are faced with many challenges and problems that need to be identified. Therefore, preparation, both mentally and physically to undertake and complete the task.

In addition, training is also required to be carried out for all students in last semester in Diploma of Building Survey on the year 2018. This training run for 4 months from 1 Mac 2018 until 29 Jun 2018.

I have applied for industrial training at TH Properties Sdn Bhd. During this training, I was given the opportunity to follow the technician and chargemen to see the environment on maintenance system and others. During industrial training, I was given for 9 hours a day, from 8:30 am right up 5:30 pm daily from Monday to Friday.
