ACKNOWLEDGEMENT

First of all I would like to thanks to Most Precious , Most Merciful , Allah S.W.T as I got the chance to breath and opportunity to live and learn. And also without HIM I will not be able to complete my internship report as nothing can be done without HIS bless and wants.

I also would like to give our special gratitude to Sir Asrul Bin Hassin who is my supervisor, because had help and guide us with his full effort from the first day this report had been made until the last day of submission to make sure that this report is completed smoothly. I also wants to express the special thanks to main supervisor Sr. Nur Faisal Bin Baharuddin, and all the lectures that had help me by giving many guidelines, motivations and they also always support me during this report was prepared.

Besides that, I would like to give most appreciation to the man who help me a lot in this practical works, En Firdaus and En Zafaruddin as my company's manager as they do guide me enough for this practical training. thanks to his for sharing all the information and also the knowledge during this internship period. Furthermore, I would like to thanks to all the staff and main contractor on site, BGMC Corporation that do help me a lot in managing my workers on site. Even though they
