ACKNOWLEDGEMENT

Practical training report is a task that helps me to enhance my knowledge about the construction project that I have involved during practical training and also helps to feel the real experience in the field of employment. Firstly, I would like to thanks to ALLAH SWT because with His bless, I finally finish my practical training report on time. I also would like to express highest gratitude to all those who have given the assistance and cooperation in many forms whether it is in terms of physically or technically in the completion of this report.

I would like to express my thanks goes to Encik Mohd Hamidi Hadi bin Mohd Zabidin and Puan Norshamshailana bt Othman as organization supervisor in Jabatan Kerja Raya Daerah Besut for giving me permission to undergo practical training on their company and also has provided guidance and advice and authorize me to be directly involved in the activities of the under the department. Thanks also to all employees and staff at the Jabatan Kerja Raya Daerah Besut for accepting my presence with an open mind and also provide guidance during practical training. Our thanks are especially dedicated to Sr. En. Mohd Nurfaisal bin Baharuddin and Sr. Mariaty bt Mohd Bahari as supervisor and coordinator practical training for the lesson that they give in how to manage, done and settle up this report and also their help in giving beneficial input for the report. Thanks also for the entire

ABSTRACT

This report is content all about the information about my case study through practical training under company Jabatan Kerja Raya (JKR) Besut during the four months of practical training. The topic that I have choose to complete my practical training report is construction process of upgrading parking ground from crusher run pavement to reinforced concrete slab because the stage of construction project in undergoing is during my practical period. This report has a 5 chapter which included all information about the company, general information about case study, information about case study which is focus on specific topic that I have choose, and also problems and recommendation that have been analysed.

The first chapter in this report is detail of information of the company. In this chapter, all the general information about the background of the company and the organization that owned by company that I choose to undergo the practical training. It also content about the scope of work about this company, objective, mission, vision, location, and also panel company which is involved with the JKR Besut.

The second chapter give out information about the literature review based on my case study. All the general information and overview about the topic that I have choose is included in this chapter. It content about the definition, types and etc.
