## ACKNOWLEDGEMENT

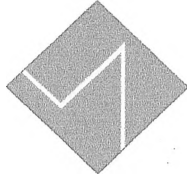

Assalamualaikum w.b.t.....

In the name of Allah S.W.T. the most Gracious and most Merciful, we would like to express our thanks for this authority. As a student of Diploma in Computer Science Part Four we had to accomplish a business plan (ETR 300). It is a very challenging project. So we would like to express our appreciation to the people who have been a great help in the completion of this project. We would like to thank all the individuals and the organization that had given their very best cooperation and support.

First and foremost, thanks to Prof. Madya Farok Zakaria our MEDEC Coordinator for the guide that he gave to finish our project. Also for the instructions and information to complete this project paper.

Beside that we want to take this opportunity to thanks Ms Samantha Yip (Sales Manager), Ms Theresa Chan (Controller), and Mr Christopher Tan (Product Specialist) from MATHYS (M) Sdn. Bhd. For all the information that they gave to us to complete this project. Without their help, cooperation and support it is quiet difficult for us to complete this project.

Last but not least, thanks for those who involved in finishing this project. May Allah bless all of us. InsyaAllah...

## 2.0 PURPOSE

The main objective of this business plan is as our guideline to organize our project. Besides, there are some other purposes are as follows:

- To measure the potentiality of the business, so that it will help us to make decision whether to carry on with the business or not.
- A detailed information of a business can help a company for convince the Financial Institution to secure loan. The loan is needed to help us to cover the business capital in the early stage establishment.
- To help us to see an evaluate our business, so that we are ready to face any risk and problems.
- As a tool to build the customers' confidence about the business operations and its ability to fulfill satisfaction and preference.
