ACKNOWLEDGEMENT

السَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ

BISMILLAHHIRRAHMANNIRRAHIM. First and foremost, praise be to Allah SWT for giving us with the opportunity to finally complete our business plan for the ENT 300 subject. We, as a group, are taking this as a personal challenge since it demonstrates our will and ability to do so. For the sake of the future of business, this business project plan is hoped to be one way for us to practise our abilities and interests in a different way, as well as a guideline to promote our efforts to become educated and successful businesspeople.

Second, we'd want to express our gratitude to Madam Nur Hazelen Binti Mat Rusok, one of our beloved lecturers, for providing moral support, being so helpful in creating this business plan, and being so pleasant to us. Besides, we want to express our gratitude to our parents for their unwavering support in a variety of ways. We'd also like to thank our classmates for working together and honestly sharing and providing ideas among classmates.

Last but not least, we'd like to express our sincere thanks to Muhammad Syahril Nizam bin Rahimi, Amirah Zafirah binti Musa, Wan Anis Shafiqa binti Wan Makhtar, Nur Amani Izzah binti Buang, and Fathin Nur'Aishah binti Rosli, our group partners, for being so tough and tolerant until we were able to overcome any obstacles that came our way. Thank you very much.
